invite you to a talk by

Lee Waters, AM

Deputy Welsh Gov. Transport Minister

on

Active Travel and Climate Change

7.00 pm on Thursday, 13 June

Environment Centre,

Pier St., Swansea SA1 1RY

...

We have a climate emergency, an obesity epidemic and an air quality crisis. Getting more people travelling in ways that improve their health, and our environment, is key to tackling those problems.

Active Travel is one of these ways. Mr Waters will tell us what the Welsh Government are doing about this and how we can help.

...

There will be tea/coffee after the talk and a **Dragon's Den** on how best to get people to travel actively.
